

Reading

Please continue the reading activities that are inside your child's reader bag for the fortnight. Reading should take between 5 and 10 minutes each day.

Please note that readers will be sent home on Mondays.

Please also take the opportunity to read through the library books your child borrows from school. You may like to read this as a family in the afternoons or before bedtime.

Writing - Learning Sounds

This term we are learning the sounds that letters make and exploring words to help us master our sounds. We are exploring the following letters and their sounds: **Jj (as in jump)** and **Ww (as in watermelon)**. Over this week of home learning, students can show their learning by writing words or drawing pictures of things that begin with the sounds on the template provided:

Religion

In Religion, we are learning about God's Creations and how we can be stewards of God's Creations. This week, we would like you to go on a nature walk with your family and look at all of God's Creations. Point to and name the different things that God has created and have a conversation with your family about how you can be a steward of God's Creations. Think about the things that you can do to care for God's Creations, including how we care for ourselves and others.

This Term in Religion, students are learning about God's Creation and Stewardship. In Reading, students will be practising their alphabet letters and the sounds these letters make. In Writing, students will participate in experiences to build their vocabulary. They will have opportunities to orally share what they did during their experience and then write about it. In Inquiry, students are learning about geography, focusing on places in our community.
